

DANIEL HARPUR

Creative All Rounder

PERSONAL BACKGROUND

I'm a film maker with skills in music, sound, film and VFX. I specialise in sound design and recording for film, and also have a strong passion for music composition.

Through my experience with sound and music I have extensive experience in post-production, with roles such as editing, Titles, Motion graphics and basic VFX. I'm quick to learn new applications and I'm always searching for new tools and software to expand my arsenal of skills.

I also excel managerial positions such as team coordinators and production assistants.
